Project Title: Liverpool F.C Website

https://en.wikipedia.org/wiki/Liverpool_F.C

I would like to build this website about Liverpool Football Club. This multiple-page site will
include 5 sections to provide a general introduction to the club.

1. **Home Page/Introduction** – Introduce basic information about the football club, such as
   location, nickname, owner.
2. **History** – Introduce the detailed history of the football club since it was founded in 1892,
   including major events throughout the history.
3. **Players** – List the current players in the squad and some general information about them.
4. **Honors** – List all awards and trophies won by the team.
5. **Sources** – this page will just list sources, including the Wikipedia page, as well as other
   sources for photography, and any other credits that need to be provided.
